- 200m Breaststroke
- 400m Freestyle

Presentation Function.

??

Do you know who has held the most swimming records in AUSSI Tasmania? Do you know who set the 1st 50m breaststroke record in the 60-64 women short course?

Do you know of the Tasmanian who set a national record in the 100 Fly, 30-34 men, in 1979 and also a Commonwealth Gold Medallist?

Well, you can find out in January 1998 with the release of the Historical Records of AUSSI Tasmania to coincide with the AGM. It has been an arduous task over 12 months (though it would take 6 weeks) to compile and are more affectionately known as the Hysterical Records.

Something to think about:

When it's all said and done, there's usually more said than done.

Have you have thought about putting your hand up for a position on the Branch Committee - there's more to being a member of AUSSI than getting wet on Club training days!
