Winter Championships

The Winter (Short Course) championships were held at the Hobart Aquatic centre over the weekend of the 25th- 26th August. It was great to see 110 members taking part - the competition was fierce with over a hundred branch records established, 7 individual National records confirmed and several pending National relay records as well.

Hobart based swimmers took out the swimmer of the meet awards - Sue Mayne (70-74) once again was swimmer of the meet with 1 national and 5 branch records, and Marciej Slugocki (55-59) was male swimmer with 2 National records and 6 branch. Other National record breakers were Andrew Horner (25-29): 2; John Brice (85-89) 1; and Erin Arnol (20-24): 1

The Launceston “Lemmings” won the Short Course Club Championship trophy for the 17th consecutive time, but only by a small margin – they may have to look out at the next championships.

Place	Team	Men	Women	Total (inc relays)

7	Sandy Bay	60		60

Who wants to be a millionaire?

Prior to the start of the Winter Championships, Tasmanian branch president Anne Horner presented four Vorgee million metre awards – Hector Beveridge, Jenny Napier and Rod Oliver of Launceston all picked up their 2 million metre awards and Penny Davis of Hobart received her 3 million metre award.

hand that and your record sheets to your club secretary for processing – awards are processed about four times per year to help minimize production costs. The hardest part is keeping your record sheets up to date.

Forms and more information can be obtained from the National web site:
www.aussimasters.com.au

‘Vorgee’ is the National sponsor of the million metre awards. The awards are to recognize the time and commitment involved in swimming regularly. Awards are available for 1, 2, 3, 5, 7 and 10 million metres. Awards comprise of either a polo shirt, fleece jacket or taslon jacket (depending on award) plus a plaque and certificate. Recording sheets are available from your club or Branch secretary. Applying is easy, just complete the application form and

Anne’s crossing

For those who may have missed it – Hobart based swimmer Anne Steele became the first Tasmanian to swim the English Channel – Anne completed the swim in 10 hours and 58 minutes. In a recent media interview she hinted that she might go back and try a double crossing! Thank you to all the people that supported Anne’s swim by donating to the Children’s Cancer Institute – Anne raised \$340,000.

Windmill Hill development

Launceston based swimmers were popping the corks when the City Council finally (after numerous years and extensive lobbying) signed off on a new regional aquatic centre, giving the community a long awaited indoor facility. The indoor section of the centre will have an 8-lane 50-metre (with floating boom) pool along with kids’ water play space, hydrotherapy pool and a spa pool. A 5-lane 25-metre pool outdoor with beach entry, diving boards and waterslide is also planned but is yet to be funded. The facility will replace the current outdoor facility at Windmill Hill and is scheduled to open mid 2009 and **may** be the venue for the 2010 National swim.

The Lemmings held their last ‘official’ swim on Wednesday prior to the closure – the official closure ceremony on Saturday 15th Sept was marred by the

vandalizing of the pool the night before by persons unknown pouring tins of house paint into the main pool. This prevented any swimming on the Saturday that was to have included celebrity races and other events. A sad ending to the pool.

The Lemmings about to 'enjoy' their last training session at Windmill Hill
