President Report

From November 1991 to October 1992

As we move into our Tenth year I am happy to report that we do so full of confidence and in a sound financial position with a membership equal to previous years.
The new year started with some new members on the committee. Frances Roberts taking over from Paul Lowry.(as secretary.) Jane Harrison as Treasurer Kathy Smith and Patrick Fitzgerald as Club Captains. Barrie Hall and Margaret Smith as Social Convener and Recorder respectively. All contributed to a well run committee. Two new positions were created. Safety Officer was taken up by Mandy Reynolds-Smith and Steve Smith was appointed as Gear Manager for the year by the committee to make sure we kept track of kick boards, watches etc.

OCTOBER was the start of the summer swimming season. We were unable to obtain early morning pool space until late in November which caused some concern amongst the members as they felt that the rules and restrictions placed on the Club were ambiguous and some negotiation was necessary with the Pool Management before we were able to settle into early morning swims & evening swimming on Tuesday and Thursday nights.
Sunday morning swims have been become a tradition now and through the Pool Management we were granted pool space to do longer distance swims.

NOVEMBER is the traditional month for the Relay competition. The Devils applied and were were granted the opportunity to organize the relays for the State.
The unique ideas introduced by our Club Captain Kathy Smith at the Relay Meet have been adopted by other club's as standard relay events at competitions.
A dedicated team put a huge amount of effort into the relays to ensure that the new ideas worked well.
Anita Killmire, our National Director of Fitness and Coaching was invited to the Relay Meet to present a talk on training which was greeted with a lot of enthusiasm by all AUSSI members from around the state.

Demonstrations from Surf Clubs, St. Johns Brigade were new and initiative as well as a crocodile relay and novelty events plus the elite relays.
Congratulation to Kathy and Patrick's team for a super effort.

DECEMBER bought us together for the Christmas party at Taco Villa again where we all had our usual fun and frolic.
Our first fund raising effort was a raffle that was drawn at the dinner. Members contributed to a Christmas food hamper.
Margaret Smith was our collector of items and seller of tickets, thanks Margaret. $260.00 was raised.
Other highlights of the evening was the presentation to Kathy Smith of the Club's Aerobic Trophy. The most prestigious and exclusive Club Trophy and the hardest to earn is the .05 drink drive award which was proudly received by Rod Bird.
Four members swam the One hour Oceania swim on the 15th December and five swam the Coogee Randwick Mini Marathon the next Sunday.

JANUARY saw members back from the festive break safe and well and not really raring to go although the State Summer Championships at New Norfolk were looming.
Training was well under way both morning and evening sessions which was pleasing to see as we have always had a problem with gathering together for afternoon training.

FEBRUARY 22nd-23rd was the date for the State swim where 18 members travelled to New Norfolk to participate.
Our big social and fund raising event was at Kerry and Peter Stallard's home where we bottled red and white wine, tasted home brew, and had a lot of fun well into Sunday night.
A good effort by selling the wine has put us well in the black for the year and to those who worked so well to organize the food, clean and collect empty bottles, bottle and buy wine and run a raffle, a big thanks for this effort.
Thanks also to Kerry and Peter Stallard for their hospitality and to Mandy Reynolds-Smith for donating the raffle prize.
Membership reached 47 in February.
Five members collected medals at the State Championships.

One First place-	Kathy Smith	50 pts
Two State Records to Kathy, Well done.		
Three Second Placings-	Nicki Udovicic	48 pts
	Christine Brown	48 pts
	Christopher Holloway	45 pts
One Third Placing-	Jane Harrison	46 pts

At the State Championships the Royce Bracken Memorial Trophy for the 60-64 Age Group men was presented for the first time and won by John Isles of Hobart.

MARCH 11th to 15th saw six Devil's off to the National Titles in Melbourne competing in their age groups and showing their style.
The trophy was presented by Royce's son and daughter.
Christine Brown, Frances Roberts were new to a National Swim and I'm sure they will both go again as it's a real buzz swimming amongst the best.

APRIL was the start of the winter training at Ulverstone.
This year we managed to secure the popular 6 o'clock time slot on Tuesday nights as well as the traditional Friday and Sunday which is proving popular.
This year we saw stroke correction classes being conducted by Trish Beveridge, John Pugh and Rex Hill.

I must mention that Barrie Hall is our delegate to the State Branch meetings which are held in Ross. Barrie is a worthy delegate for us and often goes unnoticed and it would be remiss of me and all members not to thank Barrie for giving up his day to keep us up to date with the goings on of State and National activities.
Training sessions were organized through Kathy and were proceeding admirably throughout the winter, with most swimmers using lane space well and thus allowing everybody to make the most of the pool. Happy hours were well attended too, most unusual ? where there's food and drink...Special thanks to Giso, Brian, Barrie and the Smith's for their hospitality.

MAY saw the results of the One Hour Oceania Swim.
Three swimmers entered and swam. Results are as follows,

Jane Harrison	7th	25-29 Age Group,	3,200 mts
Kathy Smith	5th	30-34 " "	4,125 mts
Ross Belbin	21st	35-39 " "	2,975 mts

Our long distance swimming is almost a thing of the past, I wonder if it's because we are a more competitive group now and concentrating on training ?

Adult swimmer's in training at Barrie Hall's home.
Supper included Sausages, Hamburgers, and Steak Sandwiches.
Kelly Gardner and Paul Castles were selected to swim for the Tasmanian team with the Special Olympics where they travelled to Brisbane to compete.
Kathy and Steve Smith hosted a slide evening and supper.
Ian Roberts and Judy Woolston,(Backpack carrier-both her own and Ian's) showed slides of their trip to Napal and districts.

JUNE was a busy time for organisers as we ran more stroke correction classes, lectures by Malcolm and organised accommodation in Launceston for the State Short Course Championships as well as an overload of training.
Unfortunately we had to say goodbye to Jane Harrison as Treasurer due to work commitments. Our sincere thanks to Jane for her dedication and excellent work as Treasurer.
Barrie Hall took on the job as money manager which left the Social Convener vacant.Barrie is a most reliable Treasurer, so we were not at a loss due to Jane's departure.
Judy Woolston was asked to look after Kathy Smith's job as female Club Captain as both Kathy and Steve headed for the Sunshine Coast further North.
Guidelines were prepared for Life Membership by the committee. The first draft was found to be a bigger task than we first thought.

JULY and a membership of 70.
The Committee moved a term deposit savings account to a better rate of interest. The fixed term amounted to a sum of only $28.00 for four months. The committee found it could raise more money by running small raffles or buying chocolate and selling them than trying to earn money from investments.
$130.00 was the loss at the Ulverstone Pool for three months to July. A big loss in June, and $90.00 for July. Must have been cold ?
A total of twenty swimmers entered the Winter Short Course Championships 5 more that last year.

AUGUST is traditionally Short Course Winter Championships. This year we saw a number of new Club members compete for the first time.
Charlene Gould, Steve Tease, Phillip Littlewood, Phillip Butterworth and Brian Morton all swam well and by all accounts had a great time in and out of the pool.
Although we had five more swimmers than last years Championships we were well out classed by Launceston and by weight of numbers from Hobart Masters - But we had all the fun !!
Devonport Devils members all had very good P.B's and were third place getters overall.
Well done to all those who swam and congratulations must go to the medal winners in our club.
A video session was organised by the committee and we had Rex Hill do the filming and then off to Brian Morton's home to see how we all looked as swimmers !!

Darren Cunningham, a student from the Launceston University ran a series of tests to measure effects of training on adult swimmers. We look forward to the results which will be published in a newsletter before Christmas.
My thanks to those who supported Darren and for their patience over the weeks that Darren needed to complete the tests.
Aqu-robics sessions were introduced to try to beat the boredom but were poorly supported. If we are to plan and make available extra activities at an expense to the club I would like to see more support.

Safety Swims and C.P.R. was something that was arranged for all to participate in, but again, not a sole even enquired as to when or where. Why do we do these things ?
An incident report sheet was made available to any swimmer that may have an accident while swimming, and I ask that you make the effort to fill out one of these sheets if there are injuries at the pool - both at the Devonport and Ulverstone Pool.
Bottles of red wine were raffled to make up for the small losses incurred at Ulverstone and chocolates being sold for Two Dollars proved popular.
Club Championships were planned for the first time and is good to see an eager mob of swimmers looking forward to them.

SEPTEMBER'S newsletter was a trifle late because of the rearrangement of the date for our usual monthly meeting.
Four sessions were scheduled for the Club Championships, two swims each Tuesday night. One 50 mts and 100 mts swim. Again it was good to see this supported and by our newer swimmers.
Barrie Hall must be mentioned as Barrie suggested the idea that our Club run the Championships and as it was a popular event we'll all look forward to the Long Course Championships in the Devonport Pool ?
Arrangements made by Trish Beveridge for the 10th Anniversary Dinner are well under way, and by the response so far, we all are in for a great weekend. I'm sure if you are at the swims, seminar's and dinner you will appreciate the tremendous effort Trish has gone too. Thanks you and a job well done Trish.
Devonport City Amateur Swimming Clubs Coach, Rex Hill offered his services to the AUSSI swimmers, and already has made those in the training groups aware of the importance of correct training techniques and better stroke correction.

In brief, as President I feel that we have introduced all swimmers to a wide range of activities through out the winter swimming sessions, and tried to cater for all types and levels of members.

Our attendances have been consistent throughout the year compared to previous years and with stroke correction and regular coaching a better swimmer has emerged.
It has been a lot of constant but rewarding work for me and a pleasure to be President of the Devonport Devils Adult Swimming club and to be a part of an extremely friendly bunch.

Regards

Christopher Holloway
President

1991-92 Vice-President's Report

What a great season! What a mixed bag of events! I don't think we have ever offered such a diverse range of aquatic activities - including water safety, water aerobics, trips to the Sate and National Championships, stroke correction, coaching clinics, mini lectures and fun things like wine bottling, beer making and Friday night get togethers.

Our State Relay meet last November was a great successs - an event our committee can be proud of. Thanks to all those Devils who assisted in running the carnival and all the swimmers who made up our relay teams - some for fun and others for fierce competition! I think our inclusion of lots of point scoring novelty events was a terrific idea and am disappointed that no club in the State was prepared to organise a carnival for this year. Many thanks to those Devils who encouraged members of the community to participate in events such as the Business House Relay, Surf Life and Royal Life Saving and St Johns Ambulance demonstrations - providing good publicity for our club and AUSSI in general. These events added depth and interest to the carnival. The dinner and barbeque were also well organised by our dedicated Devils.

The Christmas dinner was well attended and saw the second presentation of the 0.5 + award. It gave me a dubious pleasure to present this to Rod Bird. Thanks to Steve Smith for engraving the medal.

Other great social occassions have included the slide night with potato and beer supper and Malcolm Well's talk on training methods. My thanks to these people who helped me organise these two events: Judy Woolston, Ian Roberts, Malcolm Wells and Barry Hall.

As starter for the Club Championships held over the past few weeks I have been heartened by the enthusiastic and co-operative approach of members to compete and administer these races with swimmers gaining race practise and importantly, a guide to times over certain distances with different stokes. These Championships gave us all a chance to chat between races and get to know some of our new and clearly committed members better.

Many activities and events are already planned for the coming 1992-93 season which is off to a good start with the hiring of 2 lanes for Monday, Wednesay and Friday training allowing us to better cater for all speeds of swimmers. Sunday mornings hold great potential also especially for long slow swimming.

1991 - 1992 CLUB CAPTAIN'S REPORT

Training programmes have been provided throughout the Winter season and we think this has been appreciated by members providing some direction and group goals. Training has certainly been enhanced lately with the recruiting of Rex Hill providing programmes, advice and a great deal of stroke correction.

Swimmers just can't seem to get enough of this and we value Rexs' contribution greatly.

Thanks again to Judy Woolston who filled in as female Club Captain for Kathy while she was away on holiday.

The Winter Swimming Championships were well attended by our Devils and a good time was had by all. It is noteworthy that all swimmers did good times and ***had*** *a good time.*

This coming season we will be encouraging swimmers at the Monday, Wednesday and Friday mornings (6.00a.m to 8.00a.m) and Tuesday and Thursday evening (6.00p.m to 7.00p.m) sessions.

We see Sunday mornings as an excellent time for time trials, stroke correction and a more leisurely training session.

We welcome the many triathaletes who have joined us recently.

We have been recruiting members to swim in this years Twenty five (25) metre and Fifty (50) metre Swimming Championships to be held early in the new season (7th November, 1992 and 14th November, 1992).

As ex-officio members of the Long Distance Swimming Committee, we will be encouraging members to participate in the event to be conducted in mid-February (date to be advised). Don't forget the State Long Distance Swim Championships held at Trevallyn Dam late in January.

A prominent role of the Club Captains' is to foster and encourage more members to participate in the aerobic/competitive swims. Such swims provide members with the building block/encouragement to improve. All members (irrespective of their perceived swimming ability) should participate in time trials. This is particularly so for the weaker swimmers as it provides them with goals to set and achieve.

We are in favour of keeping the dual Club Captains as it is an important "PR" position.

SOCIAL CONVENOR'S REPORT.

It is with much pleasure and an certain amount of disquiet that I present this year's report on our social acitivites. Pleasure because that is always guaranteed at any Devils function but disquiet because most of the work has been done by the quiet achievers within the club who offer their homes for drinks, parties and bar-b-ques.

The Devonport Devils have often been envenied by other AUSSI Clubs for their high social flavour. This year has been no exception and apart from the numerous after swim drinkies, the club has ventured into some new and varied activites.

The year began with Barrie Hall being elected as the Social Director for the Club. When our Treasurer Jane resigned Barrie took over the responsibility of the books and I assumed the reigns of the Social Convenor. However, my main contribution to this years activities will be the Anniversary Dinner which is still to come.

It is difficult to say what is social and what is coaching because in many instances they became one and the same. With drinks after some of the stroke technique clinics and video night at members homes. Thanks to all of you who have hosted such evenings to name them and miss some one would be unforgiveable. You know who you are and without your hospitality our social evenings would not have happened.

Activities worthy of mention however, were an evening at Steve and Kathy Smith at which Judy Woolston educated members on her recent trip to Nepal and a wine bottling day at Peter and Kerry Stallard residence. We farewelled two friends courtesy of the Lowry's when Alf and Camelia Newey left for warmer weather. They have been greatly missed from our social calendar this year and always enjoyed a laugh and a drink among us.

The Black Friday Christmas Dinner at Taco Villas brings us back to where we currently stand with the exception that I believe we are still hunting for a venue for a Christmas Bar-b-que. It surely will be a Black Christmas if we are unable to find a venue so if you can assist us by offering your home please approach the incoming Social Convenor immediately to get things rolling.

I hope you will all be able to come to the Anniversary Dinner which will be held on Saturday 14th November commencing at 7.30 p.m. at the Gateway Inn. It is a little up market from our usual jeans and tracksuit affairs with members to be neatly attired in suitable casual evening wear. Entertainment has been arranged through Charlene Gould and her band to ensure that the dance floor gets some use and an aerobic display courtesy of G.T.'S Promotion Team will encourage you all to look at getting fitter than ever.

As the dinner is open to members from other clubs who will be in Devonport for the Masters Coaching Seminar you would be well advised to book your seat early so that reservations can ensure you are seated with your friends.

I wish the new committee all the best for the following year of socialising and swimming.

Trish

TRISH BEVERIDGE.

RECORDERS REPORT 1991/92

The 1991/92 year has passed with very little participation in the "National Aerobic Trophy". Perhaps the increase in the points awarded for the 400m and 800m swims in the 92/93 year will be encouragement for more members to compete for the award.

Kathy Smith with 151 Points and Patricia Beveridge with 69 points were 1st and 2nd respectively. Kathy was also our only medalist, collecting the silver at the National Championships in Victoria.

Several of our new members should be congratulated for competing in the State Championships for the firs time.

The inaugural "Club Championships" were held over a period of four (4) weeks at the Ulverstone pool and allowed some members the first opportunity for a "timed swim". The results are soon to be released, competition was tough and enjoyed by all who took part.

A coaching video was purchased last season and efforts to locate this tape have been unsuccessful.

Throughout the year gear left at the pools has gone missing. These items such as kickboards, pull bouys and paddles are expensive and are now inconveniencing our regular user members.

The heart monitor was sold throughout the year.

Over the ten (10) years of this club's existence many things have been purchased and not recorded and I feel that in future all purchases (including record books etc.) should be recorded for future reference.

Yours in swimming,

Stephen Smith

SAFETY OFFICERS 1992 REPORT

I am pleased to report that 1992 has seen several pleasing developments in the area of Safety. Our club has successfully developed an accident report form and has endeavoured to raise the level of safety awareness of all our members.

In response to Bill Stewart's questionnaire we have organised several sessions to provide members with skills in Life Saving and Resuscitation. These sessions are to be ~~ran~~ over the summer season. Information has been provided for members through the news letter and the club box on safety procedures and Life Saving techniques.

Throughout the year Club members have displayed a sound knowledge of basic safe practices and procedures.

M. Reynolds-Smith.
